

Rhd1.log

F:\MyFiles\Documents\WP\Richardson.Flats\LSC\AOC\UPCM.negotiations\draft.34.for.concurrence.doc scanned at 1:35:10 PM on 9/22/2009

Personal summary information found and removed.

Different revisions of document not found.

Comments not found.

Early document versions not found.

VB Macro Comments failed to remove. Reason: If the "Trust Access to Visual Basic Project" security setting is disabled, the tool cannot determine if the document contains a macro. Macros might contain personal information. Review security settings and macros and delete any that contain personal information.

SendForReview RCIDs not found.

Printer path not found.

F:\MyFiles\Documents\WP\Richardson.Flats\LSC\AOC\UPCM.negotiations\draft.34.for.concurrence.doc scanning completed

Saved as: "draft.34.to.upcm.doc"

*Removed metadata to create a doc to send to
UPCM so they can create a redline &
substantively review...*
